BOARDING & GROOMING • PET DAY CARE

LICENSED VETERINARY TECHNICIAN (LVT)

We are recruiting an additional full-time Licensed Veterinary Technician and would love you to consider joining us! We are a small animal clinic that strives to always provide the finest in veterinary care to pets brought to our facility and to be kind and considerate to their owners. We express tenderness and a caring attitude to clients and fellow co-workers. We emphasize full service through a responsive, dedicated, and communicative staff committed to individual attention and customer service. Our vision is to exceed the expectations of the client in each and every service we perform using our Core Values, in order to expertly care for the patient during its entire life stage. Our facility and procedures have been accredited by the American Animal Hospital Association since 1970. We are equipped with state-of-the-art digital radiography, dental digital radiography, ultrasonography, IDEXX blood chemistry, IDEXX hematology, Idexx Sedivue, Cubex, cold laser, & underwater treadmill.

We are a supportive and fun team comprised of over forty individuals across multiple departments, with diverse backgrounds, knowledge, and experiences. As a Licensed Veterinary Technician, you will be able to fully utilize your technical skills to assist veterinarians, while Veterinary Assistants and Receptionists work side by side with clients. We care about our staff as much as we care about our patients, therefore, we are currently offering only curbside appointments due to COVID-19 (no clients have been in the building since March 2020). We also require all staff to wear face masks and engage in frequent hand sanitizing.

If you....

- Genuinely care for pets, your fellow team members, and the clients
- Have an inquiring and inquisitive mind

- Understand that attention to detail, active listening, and documentation are essential
- Have a desire to continually develop your skills and grow personally and professionally
- Are positive under pressure
- Can thrive in a fast paced environment
- Have the ability to multi-task
- Enjoy educating and collaborating with clients and staff
