

## Daycare Agreement

### Requirements and Rules

**Age:** All pets must be at least 5 months old to play. All pets over 6 months old **MUST** be spayed/neutered to be in the play group.

**Breeds:** All breeds are welcome! Large and small, we welcome them all!

**Required Vaccinations:** All pets must be up to date on the Distemper combo (DHPP), Leptospirosis, Rabies, Bordetella (done in the last **6 months**), and a **negative** fecal sample done in the last year. While the vaccinations aren't required to be done 10 days or more prior to bringing your pet in, it is recommended to let the vaccinations fully take effect.

**Parasite Prevention:** All dogs must be free of fleas, ticks and intestinal parasites. We do require that all pets are up to date on a year round flea/tick and heartworm prevention.

**Health:** We require that all pets are in good health and are free from anything contagious that could harm the health of any of the other daycare dogs or staff. If your dog is exhibiting any signs of a contagious disease, we have the right to excuse your pet until we have a clear bill of health from your veterinarian.

**Behavior:** We require that all pets **never** show any signs of aggression with people or other pets. If your pet has any signs of aggression, we have the right to indefinitely excuse your pet from daycare for the safety of our staff and other pets.

**Hours:** Monday-Friday: 7am-7pm

**Prices:** 1/2 day (<3hrs): \$20

Full day (>3hrs): \$35

Monthly 1/2 day package <3hrs (unlimited amount of days Mon-Fri in the month): \$355

Monthly full day package >3hrs (unlimited amount of days Mon-Fri in the month): \$690

### The Enrollment Process

**Step 1:** Turn in your filled out/signed daycare agreement. You can either turn it in via email, or to our receptionists.

**Step 2:** We will review your daycare agreement and vaccinations. This will help determine if your pet will be accepted into daycare.

**Step 3:** Our process to integrate your pet into the group will take **3 days**. On the first day; we will introduce your pet to one of our senior daycare dogs and evaluate their manners. If your pet passes, the second day would be introducing your pet to more of our daycare dogs in our group. The final day will include integrating your pet into the whole group and evaluate how your pet interacts with all the dogs and toys/treats that may be out. If any aggression is shown in any of the steps, we have the right to excuse your pet from our daycare. If your pet gets a positive review throughout the 3 day process, we will record that your pet has passed the trial and is now accepted into our daycare at any time. If your pet has to get a "time out" a total of 3 times, we will have to excuse your dog from daycare. After proper training and another trial, then we can consider integrating your pet back into the group. Your pet must complete the 3 day trial within 30 days. If it is past the 30 days, we will have to restart the process. If your pet doesn't come to daycare for 90 days, we will have to restart the trial.

Infectious tracheobronchitis (also known as Bordetella, or "kennel cough") is a highly contagious airborne disease of dogs. It is similar to whooping cough in humans and generally runs its course in 10-14 days; some cases can be more severe and have a prolonged recovery. The disease is caused by a combination of viruses and bacteria. A combination vaccine is available for prevention and in some instances prevents carrier dogs from spreading the disease. Dogs showing signs of the disease or recently recovered will not be allowed to board with us until **two weeks** after the symptoms have stopped. Owner understands that even vaccinated dogs can sometimes contract infectious tracheobronchitis, although usually the symptoms are less severe than would be in an unvaccinated dog. Should the owner's dog contract infectious tracheobronchitis during or after their stay, **Waverly Animal Hospital, Boarding & Grooming will not be held responsible as this is an adherent risk of any kennel environment.** INITIALS: \_\_\_\_\_

## Health and Temperament Agreement

I understand that I am solely responsible for any harm caused by my dog while my dog is attending daycare. If my dog were to bite or harm another dog, I understand I am responsible for paying any veterinary bill involved in treating the injury. Waverly Animal Hospital has a zero-tolerance policy pertaining to fighting and/or biting and any dog who we feel is no longer a suitable candidate for daycare and will be separated and unable to attend in the future. **INITIALS:** \_\_\_\_\_

I further understand and agree that by enrolling my dog, Waverly Animal Hospital has relied on my representation that my dog is in good health and has not harmed or shown aggression or threatening behavior towards any person or any other dog. I also agree to keep my dog home from daycare if they are showing any signs of being ill and communicate with Waverly Animal Hospital any symptoms they are showing. In addition, if my dog attends daycare or boards at another facility, I will keep my dog home for 10 days before returning to Waverly Animal Hospital for either Daycare or Boarding. **INITIALS:** \_\_\_\_\_

Treatment and testing is required for potentially contagious diseases or parasites (i.e. coughing, vomiting, diarrhea, fleas, etc.) and the owner is responsible for expenses associated with treating and diagnosing. **INITIALS:** \_\_\_\_\_

I certify that I have read and understand the Rules to Play as well as the Health and Temperament Agreement. I agree to abide by the rules and regulations and accept all the terms, conditions, and statements of this agreement.
